FOR IMMEDIATE RELEASE

DMR Offers Mississippi Shrimp Fishermen Free TED Gear for Their Skimmer Trawls

BILOXI, Miss. - Due to reports of unusually high numbers of endangered sea turtle sightings and strandings in Mississippi, an effort is being made to increase the survivability of any sea turtles that may become captured in a skimmer shrimp trawl. To support this effort, the Department of Marine Resources (DMR) is partnering with the National Fish and Wildlife Foundation, through the BP Recovered Oil for Wildlife Fund, to provide free of charge turtle excluder device (TED) gear and installation instruction to Mississippi commercial shrimpers who agree to voluntarily use TEDs in their skimmer trawls.

The National Marine Fisheries Service (NMFS) has indicated that TED gear for Gulf of Mexico shrimpers using skimmer trawls may be required in the near future. This gear update would relieve skimmer trawl shrimpers from tow-time restrictions. If you are interested in receiving free TED gear and installation instructions for your Mississippi commercial skimmer trawl, please contact the DMR Shrimp and Crab Bureau at 228-374-5000.

For questions about the potential federal TED gear requirement for skimmer trawls, please contact the NMFS Regional Office at 727-824-5312.

The Mississippi Department of Marine Resources is dedicated to enhancing, protecting and conserving marine interests of the state by
