

Letter of Understanding

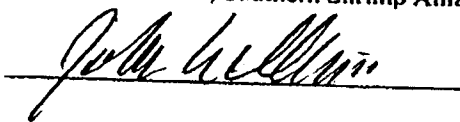

In conjunction with an agreement to settle certain administrative litigation with respect to exports to the United States of frozen warm water shrimp by Anjaneya Sea Foods ("Co. Name: "ASF") between August 4, 2004 and January 31, 2006, this Letter of Understanding is made this date (July 2nd) between Anjaneya Sea Foods and the Southern Shrimp Alliance ("SSA").

ASF and SSA, having a mutual interest in assuring a safe supply of warm water shrimp ("shrimp") to US consumers and adherence to U.S. law, agree as follows:

- 1) ASF will sell or ship to the United States only shrimp that is free of banned antibiotics (including but not limited to nitrofurans, phenicols, tetracyclines, and quinolones) and other banned substances;
- 2) ASF and SSA will cooperate to enhance testing by U.S. or foreign government authorities of shrimp imports for banned antibiotics and other banned substances;
- 3) ASF and SSA will encourage both governmental and non-governmental entities to enhance efforts to prevent the use of banned antibiotics or other banned substances in the production of shrimp;
- 4) ASF and SSA will cooperate to enhance compliance with food safety laws and regulations;
- 5) ASF will take all reasonable measures to prevent the transshipment or mislabeling of its shrimp which would improperly circumvent or evade the effect of U.S. laws;
- 6) ASF will share information with SSA regarding efforts by shrimp producers, exporters, importers, or any other person to circumvent or evade US laws through mislabeling, transshipment, improper valuation, or other material misstatement;
- 7) ASF and SSA will cooperate to inform and encourage their respective governments to enforce vigorously all relevant laws, regulations, and procedures regarding sale, shipment, and description of shrimp.
